

Imants Tillers: *As Soon as Tomorrow*

Roslyn Oxley9 Gallery, Sydney

26 November - 17 December 2021

It all began with the shock of a fire in 2019 which destroyed Notre-Dame Cathedral in Paris. Could this have been a portent of the coming apocalypse?

The devastating fires in Eastern Australia followed soon after, only to be eclipsed by a plague which is still with us. How to navigate the end times? Tormented as we are by a deluge of strident and chaotic opinion.

Where are today's philosophers? Keeping vigil? Keeping us sane? Giving us wise counsel? Revelation? As Friedrich Nietzsche once wrote about his honourable and now underrated calling: "WE, WHOSE TASK IS PRECISELY TO BE AWAKE".
